

It is believed that a one month extension of time is required. However, in the event that additional extensions of time are necessary to allow consideration of this paper, such extensions are hereby petitioned under 37 C.F.R. § 1.136(a), and any fees required therefor (including fees for net addition of claims) are hereby authorized to be charged to our Deposit Account No. 20-0778.

AMENDMENTS

In the Claims

Please substitute the following clean copy text for the pending claims of the same number.

Sub E17
BT

1. (Twice Amended) A method for receiving digital information and transmitting the
2 information in a localized area, comprising the steps of:
3 receiving an audio communication as digital information from a remote source via the
4 Internet;
5 converting the digital information to analog information;
6 broadcasting the analog information at low power in a localized area in at least one
7 preselected radio frequency chosen by a user; and
8 receiving the broadcast information in the localized area on a radio frequency receiver
9 tuned to at least one frequency to permit listening to the audio communication.

1 *Sub E17* 11. (Twice Amended) An apparatus for receiving information and broadcasting the
2 information in a localized area, the apparatus comprising:
3 means for receiving digital information from a remote source via the Internet;
B2 4 means for converting the digital information to analog information; and
5 means for broadcasting the analog information in a localized area in at least one
6 preselected radio frequency chosen by a user.

1 *Sub E17* 17. (Twice Amended) A method for receiving digital information and transmitting the
2 information in a localized area, the method comprising the steps of:
3 receiving digital information from a remote source via the Internet;
B3 4 converting the digital information to analog information;
5 broadcasting the analog information in a localized area in at least one preselected
6 frequency modulated radio frequency chosen by a user.

1 *Sub E17* 21. (Once Amended) The method of claim 17, further comprising the step of:
B4 2 broadcasting the analog information in at least one preselected amplitude modulated
3 radio frequency.

Please add the following claims.

B5 Sub E17 1 22. (Newly Added) The method of claim 1, wherein the user tunes the radio frequency
2 receiver to the preselected radio frequency.

Sub E17

1 23. (Newly Added) The method of claim 1, wherein a different user tunes the radio
2 frequency receiver to the preselected radio frequency.

B5

SUB
D2

24. (Newly Added) The apparatus of claim 12, wherein the user sets the time via the
program.
